

PIG WITH EIGHT LEGS

BORN ON FARM IN OHIO

URBANA, Ohio, Aug. 23.—If "pigs in pigs," what is a pig with eight legs?

A pig, with an extra set of front and rear legs, born on the farm of Albert McIntire, near here, lived about fifteen minutes. The four extra legs were on the pig's neck and in front of the normal pair of front legs.

All other members of the litter were perfectly formed.

GARDEN FREAK YIELDS

SALAD GROWING ON VINE

BEAVER FALLS, Pa., Aug. 23.—This is the story of a tomato that has adopted a cucumber.

Tomatoes and cucumbers were planted in the same bed in a garden on the William Tyson farm in South Beaver township, Beaver county, by John H. Sturgeon, of Beaver Falls, a camper there. Now he has a tomato with a cucumber growing through its center. The cucumber got in the way of the tomato, so the tomato just grew around it.

TAX COLLECTOR ANSWERS SUIT OF J. S. GRAVES

Court Informed Property of Accused Man Will Not Be Sold.

Galen L. Talt, collector of internal revenue, and H. Clay Powell, his assistant, today filed their answer in the District Supreme Court to the restraining order issued against them some days ago preventing them from selling the property of Joseph S. Graves, who was threatened by them with the sale of his property unless he paid a penalty assessed against him for the alleged sale of intoxicants.

The answer tells the court that the acting commissioner of internal revenue has directed that no warrant of restraint should be issued against Graves and that they will not attempt to seize the property of Graves nor make any effort to collect the taxes and penalties against which he complained. Graves, represented by Attorney T. Morris Wampler, pointed out in his suit against the revenue officials that a decision by the U. S. Supreme Court holds that the assessment is not a tax but a penalty and may not be collected without a hearing.
